

IEEE Journal of the Electron Devices Society

IEEE Journal of Electron Devices Society (J-EDS):

Fully electronic
Open Access
Author pays for publication
Free, universal access
ISSN Online: 2168-6734

Editor-In Chief:

Prof. Renuka P. Jindal
Univ. of Louisiana at Lafayette
Lafayette, LA USA.

First Issue:

Scheduled January 2013

Submit Manuscripts at:

<http://mc.manuscriptcentral.com/jeds>

The **IEEE Journal of Electron Devices Society** (J-EDS) is a peer-reviewed, **open-access**, fully electronic scientific journal publishing papers ranging from applied to fundamental research that are scientifically rigorous and relevant to electron devices.

Please submit your manuscripts for consideration of publications in J-EDS at <http://mc.manuscriptcentral.com/jeds>. The inaugural issue of the J-EDS is scheduled to be published in January 2013.

The J-EDS publishes original and significant contributions relating to the theory, modelling, design, performance, and reliability of electron and ion integrated circuit devices and interconnects, involving insulators, metals, organic materials, micro-plasmas, semiconductors, quantum-effect structures, vacuum devices, and emerging materials with applications in bioelectronics, biomedical electronics, computation, communications, displays, microelectromechanics, imaging, micro-actuators, nano-devices, optoelectronics, photovoltaics, power IC's, and micro-sensors. Tutorial and review papers on these subjects are, also, published.

The open-access publication, J-EDS is intended to provide the electron devices community:

- Faster speed of publication;
- Free access to readers globally;
- Worldwide audience;
- Increased dissemination;
- High impact factor (IF),
 - Articles can be cited sooner;
 - Articles potentially cited more frequently.

Publication charge for authors:

US \$1350 per article up to eight published pages;
US \$120 per page, over eight published pages.
